

Jakub Aniszewski

Software Engineer

Hello! My name is Kuba Aniszewski. Based in Wroclaw, Poland 🇵🇱. I am Software Engineer. Currently I work as a Fullstack Developer at NotBug. In my free time, I work on side projects and learn more about web development.

Work Experience

Fullstack Developer

Jan 2024 - Present

At NotBug Company, I am a full stack developer. I use **Django** for backend tasks and **Angular** for the frontend. I frequently work with both **SQL** and **NoSQL** databases, such as **MongoDB**. I create async tasks using **Celery** and manage containerization with **Docker**. I also use **Azure DevOps** tools to oversee our codebase and CI/CD pipelines. My job involves building products for both internal use and external clients. This role has helped me sharpen my technical skills and teamwork abilities.

Software Engineer

Nov 2022 - Aug 2024

Worked on developing an internal framework for running tests on Bluetooth Low Energy SDK, built using **Python**. Focused on creating the infrastructure for executing tests to validate the SDK's functionality.

Software Engineer

Jan 2020 - Oct 2022

Led the development of an internal tool for test execution maintenance (**Python**, **Django**, **React**, **TypeScript**, **ReactQuery**, **Postgres**, **Celery**, **Docker**)

Projects

RentalRate

Oct 2024 - Present

[Visit RentalRate!](#)

RentalRate.me is a platform that allows users to rate and review landlords based on their rental properties and management practices. The platform is built using a modern tech stack, including **NextJS**, **Postgres** for data storage, **BullMQ** for background job processing, and **trPC** for type-safe API communication.

Courses

AI Devs 2

November 2023

[Check credential](#)

AI Devs 2 is a 5-week course on combining **Generative AI** tools with app logic and automation. It focuses on connecting directly to models via **APIs**, bypassing ChatGPT, to create custom tools for daily tasks. **Large Language Models** (LLMs) and **vector databases** were also used.

Education

Master's Degree in Computer Science

Wroclaw University of Technology
2021 - 2023

Bachelor's Degree in Computer Science

Wroclaw University of Technology
2017 - 2021

IT Technician

Opole Electrical Schools Complex
2013 - 2017

Skills

Python

Django

TypeScript

Angular

React
